### Who this product is designed for

Contents insurance is one of the covers available for purchase through the BZI Landlord Insurance – Accidental Damage product. The product is designed for landlords who may experience a financial burden should an event damage their contents, or legal liability arise because of an incident at the insured address relating to them as owner of the property or their contents (the likely objectives, financial situation and needs). These landlords will be owners of residential properties which are rented out to tenants on a long term or short term basis (the target market). However, certain landlords are outside the target market (see 'Who this product is not suitable for' below).

Regarding the key attributes of this product, contents cover under BZI Landlord Insurance – Accidental Damage covers household goods that the landlord is legally responsible for while they are at the property, fixed carpets, loose floor coverings, curtains, internal blinds, portable domestic appliances and electrical equipment, and furniture and furnishings that are not built in. The items covered under contents cover extends to fixtures and fittings installed in a strata title unit that the landlord owns and that are not insured by the body corporate. Landlord contents items are covered while they are inside a building that is fully enclosed at the insured address, with only limited cover while they are in the open air at the insured address.

This product covers the contents items when they are accidentally destroyed, lost or damaged, including from events such as:

- fire;
- storm, including hail and lightning;
- flood;
- earthquake;
- liquid escaping or leaking from burst pipes;
- malicious damage or vandalism;
- deliberate or intentional damage;
- damage by tenant's pets; and
- theft and attempted theft, other than by tenants (see also the optional cover for 'theft by tenant' below).

In addition to repairing or replacing the contents items when they are damaged, the product will also provide for additional benefits that cover things such as removing any damaged items and locating the source of escaped liquid.

The product also provides some additional covers for situations such as when the landlord's keys have been stolen, for malicious damage or vandalism to a body corporate building that the landlord is liable for, or where there is electric motor burnout in certain contents items.

Another key attribute of BZI Landlord Insurance – Accidental Damage is cover for legal liability. This provides protection to the landlord if they become liable to pay for the death of or injury to unrelated people, or damage to their property, for incidents in relation to them owning the property and landlord contents at the insured address.

There are also some optional covers for purchase to meet more specific objectives, financial situation and needs of landlords. Where included on the policy, these covers are further key attributes of BZI Landlord Insurance – Accidental Damage:

- (a) **Theft by tenant** – designed for landlords who may experience a financial burden from the theft of contents items by their tenant or a visitor of their tenant. Further, when there is a claim paid for theft by tenant this cover may provide an additional benefit for limited legal expenses that the landlord incurs when seeking to recover from the tenant (or their visitor).
- (b) **Loss of rent** – designed for landlords who may experience a financial burden if the property becomes uninhabitable or untenable and as a result they do not get rental income. For example if there is damage or destruction of the contents at the insured address, or the tenants are unable to access the property due to damage or destruction at a nearby property.
- (c) **Rent default** – designed for landlords who may experience a financial burden if their tenant stops paying the rent that is owed under a long term rental agreement, including if they vacate the property without giving the required notice and leaving unpaid rent, or stop paying rent and refuse to vacate the property.
- (d) **Special contents** – designed for landlords that are the owners of landlord contents items that are more valuable in nature who want to make sure they are insured for their full value if they experience a financial loss as a result of those items being damaged.

All the above key attributes make BZI Landlord Insurance – Accidental Damage cover likely to be consistent with the likely objectives, financial situation and needs of the target market because it provides cover, or the option to add cover, for events that may result in significant damage to the landlord's contents, or loss of rental income from the property. The product provides coverage for the typical types of contents items that landlords expect to be considered part of the insured property. The product also provides coverage for legal liability arising because of incidents at the insured address that the landlord may be liable for given their ownership of the property.

### Distribution conditions

BZI Landlord Insurance – Accidental Damage can only be purchased through an intermediary authorised by BZI.
