Who this product is designed for

The BZI Commercial Motor Insurance product has been designed for small and medium-sized businesses, with 20 or less vehicles with a gross vehicle mass of no more than 5 tonne. For the purposes of this product, vehicles include sedans, utilities, 4-wheel drives, vans, commercial goods carrying vehicles and box or camper trailers less than 10 metres in length.

Within this product you can choose from three levels of cover depending on your objectives, financial situation or needs as outlined below.

1) Comprehensive Cover

Comprehensive Cover is designed to protect businesses whose likely objectives, financial situation and needs are to guard against the financial burden that may result from a material event damaging their vehicles or becoming legally liable for damage to other people's property through the use of the vehicle. A Comprehensive policy covers the cost of repairs regardless of which party is responsible for the damage.

The key attributes of BZI Comprehensive Cover include coverage for events such as collision, fire, theft and attempted theft, storm, flood and hail as well as some associated costs such as towing and loss of personal effects. Another key attribute is legal liability, providing cover for damage to other people's property or supplementary bodily injury resulting from the use of the vehicle. Any of these events could result in significant vehicle repair or replacement costs, so this cover is suitable for the intended target market.

2) Third Party, Fire and Theft Cover

This product is suitable for the target market because it limits their financial loss from accidents to the value of their own vehicle plus any applicable excess and provides cover if the vehicle is damaged by fire, explosion, lightning and theft.
